### Report SLOVILCO

During the intervening period SLOVILCO ensured its activities the main tasks of the Association. It was about a representation of the association to state authorities and the Ministry of Social Affairs, Ministry of Health. Association dealt with the problem with odor remover in the EU.

Association annually provides wellbeing in spas and in alpine environments. Among stomics wellbeing are very popular. The association organized a Global stomics day, we took part in on these days in Poland.

Another favorite events of the Czech, Polish and Slovak stomics are meeting at the border. In 2012 the meeting was in Poland, in 2013 in Moravia. There will be 10th jubilee meeting annual meeting of stomics in Slovakia. The meeting will take place in the spa town Bojnice and will be attended by 160 people.

Slovakia took place to a Nationwide Day of stomics and Slovak stomics meeting already the second year.

In 2013 the first ILCO Clubs Sport Games was organized in Slovakia. In this year we are preparing a second edition of these sports games.

We cooperate with Czech ILCO and german Deutsche ILCO on a project about international cooperation named "Life without limits". Project is managed by the Czech ILCO. In cooperation we exchange wellbeings with Moravian stomics and stomics are really interested in these wellbeings.

In southern Slovakia ILCO clubs near the border cooperate with Hungary's ILCO clubs from border areas. ILCO clubs with its members organize meetings and grill parties, where stomics from other clubs in Slovakia come together. They also organize discovery tours, theaters and tourist walks.

Association SLOVILCO ensured 2 day course of computer work for presidents of ILCO clubs. In 2013, the association published two editions of the magazine for stomics "SLOVILCO".

As part of improving our work, members receive training organized by EPF (European Patients Forum). This course is attended by 8 stomics. The Association shall attend the meetings of the Association for the Protection of Patients' Rights, National Council of Organisations of Disabled.

To prevent the fight against cancer, our association cooperates with the League against Cancer. We participated in the Global Day Against Cancer, entitled "Apples day" and share organizing the LAC in "Daffodil Day".

Slovak Association is a member of the organizations League against Cancer, the Slovak Humanitarian Council, AOPP SR, NROZP SR.
